Connectable label printer for the home and office

PT-D410

Connectable label printer for the home and office

Transform your home working space with a professional label printer from Brother. The PT-D410 model offers a compact, easy-to-use label printer which prints clear, laminated labels to help personalise your important files and folders, identify home office equipment and cables and organise your storage boxes. Taking the time to carefully label your home office results in an organised workspace which increases overall productivity and allows you to focus on the real task at hand.

PT-D410

Key features:

- Create labels using the built-in keyboard, or connect to a computer via USB for additional labelling functionality using P-touch Editor software
- Large graphical display to view text and layout before printing
- Preview labels before printing
- QWERTY keyboard for easy typing
- Print on label tapes up to 18mm wide

Perfect for standalone use

With a built-in QWERTY keyboard and large graphical display which includes print preview, the PT-D410 model is user-friendly and designed for ease-of-use, fast-typing and optimal desktop handling.

Expanded options for creating labels

The PT-D410 label printer is perfect for straightforward standalone use, as well as PC connectable which offers additional label design functionality when paired with Brother's P-touch Editor software. Supplied as standard, you can create custom labels by adding your own logos, symbols and barcodes using Brother's own label design software solution. Just simply connect your label printer to your PC using the printer's USB connectivity.
